

# Cat Rescue, Adoption & Foster Team of Central Oregon

**CRAFT is a non-profit, no-kill, 501(c)3 organization. We are dedicated to finding permanent, loving homes for cats and kittens, while promoting population reduction through spay and neuter.**

**Linus** is probably slightly older, a big, mellow sweet boy! He loves affection and being held. A big lap cat if your lap is big enough!

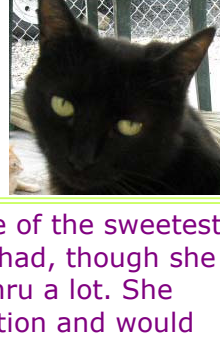

**Hope** had been a stray living under someone's deck. She is slightly shy at first but warms up quickly and loves affection. She gets along very well with other cats and will need to be groomed regularly.

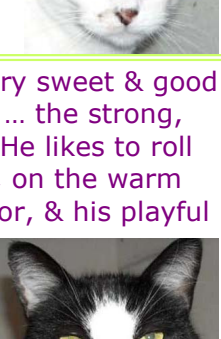

The vet thinks **Spicey** is an older cat, at least 8 years. She is a pretty Siamese mix, very friendly but will be happiest as the only cat in the home.

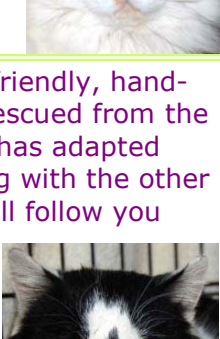

**Tabitha** is sleek, solid black, very friendly and social but not especially fond of other cats.

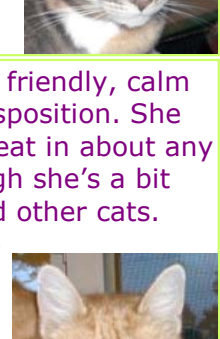

**Constance** has been at CRAFT a very long time. She had stress-related health issues, but has thrived in a calm and loving foster home. She can be timid but is affectionate, and will be so happy, to be the only pet.

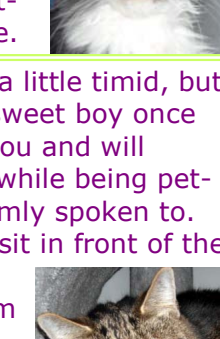

**Audrey** is a sweet, petite, affectionate girl. She has a heart murmur & will need a loving guardian willing to administer her heart pills once daily (she's very easy to medicate.) She'd love to sit on your lap and watch TV.

**Cookie** is extremely sweet and gentle with people, and will purr and "kiss" your hand. She is not used to being held much, but with very little effort, she's learning how nice it is and will probably make a great lap cat.

**Misty**'s one of the sweetest cats we've had, though she has been thru a lot. She loves attention and would do well as a lap cat in a small, quiet, chaos-free home. Most of her teeth were removed, and she may need ongoing veterinary care.

**Oreo**'s a very sweet & good looking boy ... the strong, silent type. He likes to roll on his back, on the warm concrete floor, & his playful side comes out. He's a wonderful cat that just needs a home of his own.

**Oscar** is a friendly, handsome boy rescued from the streets. He has adapted well to being with the other cats, and will follow you around, looking for attention.

**Susie** has a friendly, calm & mellow disposition. She would be great in about any home, though she's a bit timid around other cats. She loves to sleep in front of a sunny window and will make a purr-fect lap cat!

**Tommy** is a little timid, but is a super sweet boy once he knows you and will softly purr while being petted and calmly spoken to. He likes to sit in front of the warm air coming from the dryer vent in the fenced area (SO cute!).
